

THIRD STATEMENT
by the Chair of
ASHFORD PARISH COUNCIL

Well done! – to everyone helping residents with shopping and other errands. There are lots of individual initiatives going on as well as the higher profile networks. All really worthwhile for the community.

Remember to keep your help simple and proportionate to the need.

Once again Thursday evening was marked with more applause echoing around the village. Good to hear.

While always being ready to help, remember to keep your distance as much as possible especially this Easter weekend. Restraint now will pay dividends in the future. We live in one of the safest parts of the country – so let's keep it that way and not be complacent.

The Council has decided there is no need to hold a virtual meeting in April and it is likely the Annual Meeting will not take place in May either; but please advise us if you feel we should reconsider.

As always, if you have concerns about any village matters please get in touch. We cannot promise to change things, especially at present, but the Council will always listen and advise.

Take care, stay healthy, minimise risks, and look after each other.
